

BOMBAY HOSPITAL TRUST

Consultant : Dr Hardik Shah
Speciality : Nephrology
Qualifications : MD (Medicine), DNB (Nephrology)
Fellowships : International Society Of Nephrology
University Of Ottawa Fellowship, Canada
Specialist In Hypertension, USA
Area Of Interest : Hypertension, Kidney Transplant
Experience : 9 Yrs

Days	Mon	Tue	Wed	Thu	Fri	Sat
Timings	2 PM – 4 PM	--	2 PM – 4 PM	--	2 PM – 4 PM	--

Work Experience :

Designation	Hospital / Institute	Duration
Consultant Nephrologist & Assistant Professor in Nephrology	Bombay Hospital Institute of Medical Sciences, Mumbai, India	Jan 14 2009 till date
Clinical Fellow – Nephrology	The Ottawa Hospital, Ottawa, Canada	June 1 2007 to Dec 31 2008
Clinical Associate - Nephrology	Bombay Hospital Institute of Medical Sciences, Mumbai, India	Aug 1 2006 to May 25 2007
Superspeciality Registrar – DNB Nephrology	Bombay Hospital Institute of Medical Sciences, Mumbai, India	Jan 1 2003 to July 31 2006
Resident Medical Officer- ICU	Bombay Hospital Institute of Medical Sciences, Mumbai, India	Aug 21 2002 to Dec 31 2002
Broad speciality registrar – M.D Internal Medicine	B Y L Nair Hospital , Mumbai , India	Sep 1 1999 to July 31 2002
Assistant Medical Officer – Primary Health Care Centre	Kholapur, Dist Amravati, Maharashtra , India	Sep 1 1998 to Aug 31 1999
Resident Medical Officer – Department of Medicine	K B Bhabha Hospital, Mumbai, India	Feb 14 1998 to July 31 1998

Teaching Experience :

- Resident in Internal Medicine : Aug 1999 till July 2002 (teaching undergraduate MBBS students)
- Resident in Nephrology : Jan 2003 – July 2006 (teaching Undergraduate and Postgraduate students in Medicine)
- Assistant Professor in Nephrology : Aug 2006 till date (teaching postgraduate students in Nephrology)

Memberships :

- 1.American Society of Nephrology – since July 2007
- 2.Canadian Society of Nephrology – since July 2007
- 3.American Society of Hypertension-since Aug 2008
- 4.Canadian Society of Hypertension-since Jul 2008
- 5.Indian Society of Nephrology – since December 2005
- 6.Indian Society of Hypertension – since Jun 2009
- 7.Association of Medical Consultants –since Jun 2011
- 8.Indian Medical Association – since Oct 2012

Honours :

- 1.Awarded the University of Ottawa Fellowship in Nephrology and Hypertension for Foreign Medical Graduate, 2007-2008
- 2.Awarded the International Society of Nephrology (ISN) Scholarship with clinical attachment at the Singapore General Hospital ,Singapore ,June 2005

3. Stood first in M.D (Internal Medicine) university examination from T N Medical College ,July 2002

4. Distinction in Biochemistry in 1st MBBS , ranked 2nd in University, Dec.1993

Professional Achievements :

1.Advanced course in Pediatric Nephrology –March 2008 ; University of Missouri,USA

2.Basic course in Epidemiology and Biostatistics –Dec 2007 ; University of
Ottawa,Canada

3.Advanced summer course in Clinical Epidemiology and Clinical Research at University
of Ottawa,Canada –Aug 2008 to Oct 2008

4.Conducted a pioneer study on the effect of pulse wave velocity and arterial stiffness in
dialysis patients –Ottawa ,Canada ,2007-2008

5.Received Best Paper Awards for “Transplant renal artery stenosis”- July 2005 and
“Clinical profile of maintenance hemodialysis patients”- December 2004 at the
Research Society meeting , Bombay Hospital

6.Distinction in Microbiology in 2nd MBBS

Professional Expertise :

- 1.Independent management of Hypertension Clinic at Tertiary care center in Canada, consultations in refractory hypertension, conducting Hypertension education programmes for health professionals and general public ,reporting of BP TRU and ambulatory blood pressure monitoring ,performing and interpreting pulse wave velocity and central blood pressure measurements .
- 2.Clinical experience in ABO incompatible , high risk Renal Transplant patients,Multiorgan transplantation including pancreas,liver and heart transplants.
- 3.Proficiency in Ultrasound guided dialysis catheter insertions and kidney biopsies.
- 4.Proficiency in management of CAPD ,Automated PD,tidal PD and removal of embedded peritoneal dialysis catheters and permanent hemodialysis catheters
- 5.Proficiency in new Continuous Renal Replacement Techniques in Critical Care Nephrology patients.
- 6.Conducting clinical research in the field of Nephrology and Hypertension.

Publications / Presentations :

1.Chronic Kidney Disease

Textbook Chapter –API textbook of Medicine ,9th Edition Vol.2,Section 19

Ashok Kirpalani,Hardik Shah

2.Esophageal actinomyces in a patient with end-stage renal disease.

Nagaraju SP, Kirpalani DA, Bhabhe AS, Prasad R,**Shah H**, Kirpalani AL.

Hemodial Int. 2014 Apr;18(2):544-6. doi: 10.1111/hdi.12124. Epub 2014 Jan 7.

3.Abnormal extraosseous activity in both lungs and stomach in pre-transplant 99mTc-MDP bone scan disappearing after renal transplant.

Sonavane ST1, Marwah A, **Shah H**, Jaiswar R.

Indian J Nucl Med. 2013 Jul;28(3):165-7. doi: 10.4103/0972-3919.119549.

4.Fluorodeoxyglucose positron emission tomography-computed tomography findings in a case of xanthogranulomatous pyelonephritis.

Joshi P1, Lele V, **Shah H**.

Indian J Nucl Med. 2013 Jan;28(1):49-50. doi: 10.4103/0972-3919.116809.

5.PET scan aids diagnosis of post transplant fever

D Kirpalani,A Marwah,**H Shah**,D Amrapurkar,K Adyanthaya,Kirpalani AL

Bombay Hospital Journal, Apr 2007

6. Emphysematous Cystitis : An unusual disease of the genitourinary system suspected on imaging

Bombay Hospital Journal, Apr 2013

7. An interesting case of Primary Hypoparathyroidism

D Kirpalani, J Patel, **H Shah**, A Kirpalani

Indian Journal of Nephrology, vol.24, no.3, May 2014

8. Treatment of lithium induced hypercalcemia with Cinacalcet : Submitted to NDT Plus Journal, Sep 2008

9. Tropical pulmonary eosinophilia – a case report : Indian Journal of Practitioners (indexed) : Dec 2001

10. Pancreatico-pleural fistula with bilateral pleural effusion

J Makhijani, S Drago, A J Paidhunghat, H Shah, V Jaykar

Bombay Hospital Journal, Jan 2002 ; vol.44, no.1

11. Craniocervical tuberculosis – a rare presentation : Bombay Hospital Journal (indexed), June 2002

Oral presentations :

1. Post renal transplant renovascular complications
Indian Society of Nephrology – Vishakhapatnam 2003

2. Post transplant tuberculosis
NUTS of SAARC ,Mumbai 2003

3. Clinical profile of patients exhibiting paradoxical severe hypertension during
maintenance hemodialysis for CRF
Research Society Symposium,Bombay Hospital,Mumbai,2003

4. The treatment of hyperhomocysteinaemia in dialysis patients
Research Society Symposium ,Bombay Hospital,Mumbai,2003

- 5.Unusual dermatological complications in renal allograft recipients
West Zone Nephrology conference,Mumbai ,2003

- 6.An epidemiological study of our maintenance hemodialysis patients
Research Society Symposium,Bombay Hospital,Mumbai,2005

Poster presentations :

- 7.Our initial experience with Mycophenolate Mofetil in transplant patients
Indian Society of Nephrology – Vishakhapatnam 2003

8. Basiliximab – an initial experience

West Zone Nephrology conference, Mumbai ,2003

9. Treatment of primary Nephrotic syndrome with Mycophenolate

Indian Society of Nephrology , Varanasi, 2004

10. Renal transplant in Hepatitis C patients without liver biopsy

Nephroasia ,Singapore ,2004

11. Use of tunneled dialysis catheters in maintenance hemodialysis patients

Indian Society of Nephrology, Cochin ,2005

12. Incidence and outcome of tuberculosis in renal allograft recipients

European Renal Association-European Dialysis and Transplant Association conference,
Glasgow ,UK , 2006

13. What predicts Tuberculosis in CKD patients

West Zone Nephrology conference ,Mount Abu, 2006

14. De novo tuberculosis in renal allograft recipients

World Congress of Nephrology ,Rio, 2007

15. Blood pressure behaviour in interdialytic and intradialytic period in maintenance
hemodialysis patients

World Congress of Nephrology ,Rio, 2007

Research projects :

1.Study of severe malaria in an Intensive Care Unit -2001

2.Phase III multicentric controlled trial of recombinant erythropoietin in predialysis and ESRD patients -2004

3.Randomised controlled trial of prefilled syringes of erythropoietin alfa in patients with chronic kidney disease - 2005

4.SEEK (Screening and Early Evaluation of Kidney Disease) – Active participation in community based awareness and screening for kidney disease – 2006

5.Slopes of decline in residual renal function in progressive renal insufficiency and peritoneal dialysis patients (2007-2008)

6.Seasonal and diurnal variation of 24 hour blood pressure in peritoneal dialysis patients (2007-2008)

7.Effect of Augmentation Index and Pulse Wave Velocity –markers of arterial stiffness-in peritoneal dialysis patients.
