

# BOMBAY HOSPITAL TRUST

**Consultant** : Dr Pranjal Kodkani

**Speciality** : Joint Preservation Surgery Athroscopy & Sports Injury

**Qualifications** : M.S (Ortho), D (Ortho), CPS

**Fellowships** : Esska Scholarship – Norway  
Scholarship In Knee Surgery – Japan  
Training In Hip Arthroscopy – Germany, UK  
Fellowship In Arthroscopy, Shoulder & Elbow Surgery – USA

**Area Of Interest** : Joint Preservation Surgery: Arthroscopy & Sports Injury (Knee, Hip, Ankle, Shoulder, Elbow, Wrist)

**Experience** : 17 Yrs

Days	Mon	Tue	Wed	Thu	Fri	Sat
Timings	--	4 PM – 6 PM	--	4 PM – 6 PM	--	--
Room No.	--	128(1 <sup>st</sup> Flr. MRC Bldg.)	--	128(1 <sup>st</sup> Flr. MRC Bldg.)	--	--

**Mobile** : 9819808090

### **International peer reviewed publications (Original articles)**

'Arthroscopy' Journal of arthroscopy and related surgery – A new technique of harvesting autologous semitendinosus for arthroscopic ACL reconstruction *October 2004, Vol 20, No 8: pp E22 Pranjali Kodkani*

'American journal of Knee Surgery' – Dome osteotomy for genu varum treated with a novel fixation device (Kodkanis Dome Stabilizer) *April 2007. Vol 20 Pg 111-119. Pranjali Kodkani*

American journal of 'Techniques in knee surgery' – Arthroscopic anatomic popliteus sling reconstruction for posterolateral rotatory instability of knee – The popliteus portal. *Pranjali Kodkani. March 2011. Vol 10 . No.1. pp 58 – 64*

'Arthroscopy' Journal of arthroscopy and related surgery – 'Basket weave' technique of MPFL reconstruction. *June 2015. Pranjali Kodkani*

### **Indian publications**

Kolhapur Journal Of Orthopaedics (Chapter Of Indian Journal Of Orthopaedics) - An indigenous fixator for dome osteotomy of the proximal tibia. Nov. 2004 issue.

The Journal Of Maharashtra Orthopaedic Association - ACL Reconstruction A Novel Technique Of Using Semitendinosus autograft Vol 5/6. Year 2. Sept- Dec 2006.

White paper for Indian Arthroscopy Society – Management of posterolateral complex knee injuries

Maharashtra orthopaedic association journal (Nov. 2010) - White paper on Posterolateral complex knee injuries

Text book on Knee Surgery 2014 (Editor - A.Rajgopal). Management of posterolateral complex injuries of knee.

### **Oration at WIROC \* 2008**

'Lets give them bread if they cannot have cake' – Dome osteotomy for Medial Compartment Osteoarthritis of knee

### **Best paper awards**

IAS 2004 – A new technique of harvesting semitendinosus for ACL reconstruction

IAS 2009 – Comprehensive management of posterolateral complex laxity of knee

WIROC 2010 – Anatomic popliteus sling reconstruction for posterolateral rotatory instability of knee

**Other awards –**

Bharat Jyoti Award 2005

Glory of India gold medal 2006

Best citizens of India award 2007

**Research activities – Originator of techniques, patents & developments**

Kodkanis posterior mini incision technique of hamstring graft harvest for **cosmetic arthroscopic ACL reconstruction**

**Joint preservation for osteoarthritis of knee** – Dome osteotomy with Kodkanis Dome Stabilizer

Management of **multiligament knee injuries**

**Posterolateral complex injuries of knee** – Kodkanis arthroscopic popliteus sling reconstruction

**Patellofemoral instability & patella dislocation** – Kodkanis Basket weave technique for MPFL reconstruction

Patent for ‘Kodkanis Dome stabilizer’ – a fixator for management of knee arthritis.
